Getting to Jackson Hole Mountain Resort

Jackson Hole Airport (JAC) is the only commercial airport in the United States located within a National Park, i.e., Grand Teton. Upon arrival at the airport, you are an easy 36-minute drive to the mountain resort by car, taxi or rental car. There are no mountain passes, tunnels or four lanes of bumper-to-bumper traffic. Once in Jackson a public bus system (START) allows for efficient and affordable travel to and from the town of Jackson and the ski area at Teton Village. Rental car agencies are plentiful, as are taxi services. Book Early for 2020-21 and Save

You will receive up to \$300 off your airfare per person when you book your roundtrip flights, lodging, and lift tickets or an equivalent winter activity. Book an inclusive 6-night winter package including air, lodging, and a qualifying activity like skiing or a wildlife adventure, and you will get the \$300 per flight discount immediately, no need to wait for a refund check.

JHMR worked with American, Delta, and United to save you up to \$300 on each flight you book to JHMR. That means when you book a trip for two, you will save up to \$600. For a family of four, you will save up to \$1,200 on airfare. Ikon Pass holders also qualify for exclusive airfare credit deals.

Lodging

The wide variety of lodging options available around Jackson Hole are as varied as the ski area terrain. Select from standard hotels to high-end resorts. Any setting you choose, at the mountain resort or in town, you are sure to love your stay in Jackson Hole.

Kings and Queens of Corbet's

No ski resort in North America has a chute as legendary as Corbet's Couloir. It is a crucible where skiers go to prove their mettle, or more often, to retreat in fear. The run is named for Barry Corbet, a mountaineer who in 1960 spotted a narrow crease of snow shaped like an upside-down funnel, high up on the mountain now known as Jackson Hole. Author Christopher Stenner wrote that Corbet remarked, "Someday someone will ski that."

This invitational event pits 24 of the world's top skiers, riders and select local rippers against each other. As they compete for the title, "King or Queen of Corbet's," each competitor is granted two runs down Corbet's with only the best run counting toward the grand prize.

The 2021 Kings and Queens of Corbet's event is set for February 16-21, 2021. More details will follow in the Feb-Spring edition of SKIER NEWS.

Intermediate Terrain

Jackson Hole is known for its challenging terrain, but did you know they are also ranked highly by many for terrain variety? Rolling groomers, adventurous kids Stash Parks, and uncrowded long runs are all there also. They have never been complacent at JHMR and in the last few years they prioritized improving the intermediate ski and snowboard experience to give their guests a large variety of terrain to experience.

JACKSON HOLE, WY – Carving one of Jackson's now legendary blue trails as the scenery provides breathtaking views. Jackson Hole Mountain Resort has 4,139 vertical feet of awesome terrain spread over 2,500 acres, half of which are beginner and intermediate terrain. With the Sweetwater Gondola, lift options and Ski School's Solitude Station learning area, you will find easier access to their beginner, blue and black diamond terrain.

Mountain Sports School

This winter, Mountain Sports School is prioritizing health and safety through new offerings with more individualized attention, smaller classes and protocols to provide a safe learning environment.

Off Mountain Adventure

If you want a wildlife experience, look no further than the north edge of Jackson at the National Elk Refuge where thousands of elk winter in the refuge. The elk begin their migration out of the high meadows in the fall, usually after the first snowstorm. They stay in the refuge through the spring, when food in their higher habitat becomes more abundant.

The sleigh rides into the elk herd are available via a private contractor, Double H Bar, Inc. The National Elk Refuge also offers educational and daily programs at the Jackson Hole and Greater Yellowstone Visitor Center. Please call (307) 733-0277 to book your ride.

Mask Up for Safety

All guests will be required to wear face coverings over both nose and mouth at all times while riding all lifts, when loading, and when standing in lift lines as well as inside facilities. Guests are recommended to wear a dry face covering when possible for the best protection.

The standard guidance of non-woven fabric with two or more layers is preferred. A surgical mask is three layers and an N95 respirator with an exhalation valve is not an adequate face covering. Scarves or bandannas are also not considered adequate protection while skiing and riding. These face covering guidelines are to protect yourself and other guests. They will have surgical masks for guests to use, but it is encouraged for all guests to come prepared with proper face coverings, water and a plan for the day.
